

## Indoor air space sanitiser for your **Home** or **Office**

### How to install AirClean Sanitisers for Split Systems

- 1 Turn the air conditioner off.
- 2 Open the pack by cutting through the nipple, and place the pack as shown, resting on the plastic frame, not against coils.
- 3 Put the filter back in the air conditioner and close lid.
- 4 Turn the air conditioner back on.

**Trade Pack**  
For Use in Indoor  
or confined air  
space to resist  
mildew and
